Intrinsic value of the GG Token

- 🔗 All of the projects will keep ongoing bonuses and promotions for GG TKN users permanently.
- 🔗 All of the projects commonly agreed to always keep the exchange value on their systems either 0.1\$/GG TKN or the market value (whichever is higher at the moment of the transaction).
- 🔗 All of the projects commonly agreed to put the tokens back to the market for +10% price in comparison to the value when collecting.
- 🔗 All of the projects agreed to never sell the token back to the market for a price lower than 0.1\$.
